Campaign window & scope

The November 2025 business checking account promotion is active from 11/01/2025 to 11/30/2025.

- Applies to business checking recommendations made during the window.
- Outside the window, standard product-fit guidance applies with no promotional priority.

When the promotion applies

Three rules govern every promotional recommendation.

TRIGGER

During the November 2025 promotion, when recommending business checking accounts to customers, the promotion applies if multiple accounts meet all of the customer's stated requirements.

FIT CHECK

During the November 2025 promotion, the recommended account must still meet all of the customer's stated requirements.

HARD STOP

During the November 2025 promotion, agents must not recommend a promotional account if it does not satisfy the customer's needs.

Recommendation priority

1**Sky Blue**

During the November 2025 promotion, if Sky Blue is one of multiple business checking accounts that meet all of the customer's stated requirements, Sky Blue should be recommended first because it is under promotional priority.

2**Lime Green**

During the November 2025 promotion, Lime Green should be recommended second only when Sky Blue and Lime Green both meet all of the customer's stated requirements; if Sky Blue does not meet the requirements but Lime Green does, Lime Green is the highest-priority qualifying promotional account.

3**All other qualifying accounts**

During the November 2025 promotion, all other qualifying business checking accounts may be recommended only if neither Sky Blue nor Lime Green meets the customer's requirements.

Guidance at the desk

Do

- ✓ Confirm the customer's stated requirements before referencing any promotion.
- ✓ Record which requirements each candidate account met.
- ✓ Check the campaign window against the customer contact date.

Don't

- ✗ Do not position promotional placement as a product advantage.
- ✗ Do not quote archived or draft campaign materials.
- ✗ Do not carry October priority into November conversations.

Channels & measurement

- Branch and business-banker conversations remain the primary channel.
- In-app messaging and the help-center banner point to the published product pages.
- Weekly funnel review with campaign owners for the duration of the window.
- Support escalations tagged to the campaign are reviewed at the same cadence.

Measurement definitions live with Campaign Analytics; this deck does not restate them.
