When the promotion applied

TRIGGER

During the October 2025 promotion, when recommending business checking accounts to customers, the promotion applies if multiple accounts meet all of the customer's stated requirements.

FIT CHECK

During the October 2025 promotion, the recommended account must still meet all of the customer's stated requirements.

HARD STOP

During the October 2025 promotion, agents must not recommend a promotional account if it does not satisfy the customer's needs.

Recommendation priority

1**Lime Green**

During the October 2025 promotion, if Lime Green is one of multiple business checking accounts that meet all of the customer's stated requirements, Lime Green should be recommended first because it is under promotional priority.

2**Hunter Green**

During the October 2025 promotion, Hunter Green should be recommended second only when Lime Green and Hunter Green both meet all of the customer's stated requirements; if Lime Green does not meet the requirements but Hunter Green does, Hunter Green is the highest-priority qualifying promotional account.

3**All other qualifying accounts**

During the October 2025 promotion, all other qualifying business checking accounts may be recommended only if neither Lime Green nor Hunter Green meets the customer's requirements.
