Pilot recap

Hunter Green pilot: 0.75% APY,
\$30 service fee — retiring Oct 6,
not customer terms!

Paperless onboarding validated
👍 keep for GA

Fee assessment needs a
statement-cycle check before
launch week

Pilot configuration retires October 6; GA terms live on the published product pages.

Priority brainstorm

**Lime Green first? Premium push
fits the quarter**

**Hunter Green second? Eco angle
tested well**

**True Blue spotlight instead?
Marketing keeps asking — park
it for November review**

Brainstorm only. The final order goes to the readiness review; the dated campaign deck is the record.
