2. Sky Blue — mechanics

- A cash withdrawal at a non-Rho out-of-network ATM in the U.S. is charged an out-of-network ATM fee of \$1.50 per transaction.
- ATM operators may impose their own surcharges at the terminal, separate from Rho's fees; those surcharges are disclosed on the ATM screen before withdrawal completion.
- Cash withdrawals at foreign international ATMs are charged 2% of the withdrawal amount, with a minimum fee of \$3.00 per withdrawal.
- At international ATMs, local ATM operators may assess additional surcharges that are set by the operator and separate from Rho's fees.
- The customer is eligible for up to 15 in ATM fee rebates per month for out-of-network ATM usage.
- The ATM fee rebate cap is monthly. If total eligible fees for out-of-network usage exceed 15 in a given month, any amount above the cap is the customer's responsibility.
