The offer

New Business Silver Rewards Card customers can earn 2x cash back on all purchases for the first 6 months after opening the account.

PROMO OPENS

The Business Silver Rewards Card double cash back promo start date is 2024-11-14.

PROMO CLOSES

The Business Silver Rewards Card double cash back promo end date is 2025-11-14.

How the multiplier works

TRAVEL & SOFTWARE

During the Business Silver Rewards Card double cash back promotional period, travel and software purchases that normally earn 10.0% are multiplied by 2.

EVERYTHING ELSE

During the Business Silver Rewards Card double cash back promotional period, other purchases that normally earn 1.0% are multiplied by 2.

Same earn engine, doubled — how the doubling reaches an account (and whether the customer does anything at all) is Campaign Operations' drilled script, kept current with the offer.

Who qualifies & when

OPENING REQUIREMENT

A customer must open the Business Silver Rewards Card account during the promotional period to qualify for the double cash back promo.

EACH ACCOUNT'S CLOCK

Every account runs its own benefit window — the drilled answer on when a given customer's doubling starts and stops belongs to Campaign Operations' readiness script, not to this deck.

Worked example for the desk: an account opened on the promo's last day still gets its full benefit window.

Exclusions & crediting

EXCLUSIONS

The merchant list lives on the published exclusions page, and how the list interacts with the doubling is a drilled support answer — quote the page and the readiness script, not memory.

CREDITING

Crediting timing questions route to rate & fee operations' standing answer — take it from their script, not from this deck.

Ticket volume on exclusions runs steady all promo — it is the top coaching topic in QA huddles.

Reaffirmed — June 12, 2025

Mid-cycle review, June 12, 2025 — Dana Whitfield, Grace Lindqvist, Hana Weiss. Outcome: no changes. The November 7, 2024 rules run unchanged to the published end date.

- Review covered earn-rate economics, exclusion ticket volume, and the sunset calendar.
- Next touchpoint: sunset readiness with Campaign Operations, penciled for late October 2025.

Enrollment forecast

Projected monthly Silver openings under the promo — Pricing model, October 2024 baseline.

Support-volume expectations

- Expect an 18% lift in rewards-rate questions in the first two promo months, tapering by month four.
- Cards support line 1-888-555-0192 staffed +2 FTE through January; Renee Alvarez owns the QA sample.
- Macro pack SLV-DCB ships with the launch briefing; agents route rate disputes to the rewards queue.
- Exclusion questions get their own tracking tag so ticket volume feeds the mid-cycle review.
