Cash-back earning and category rules, fee amounts, and credit-line terms are stated in the business card pricing and rewards documents in effect and are not restated here.

1. Benefit provisions

Benefit	Provision
Airport lounge access	The Business Platinum Rewards Card includes unlimited airport lounge visits.
Annual travel credits	The Business Platinum Rewards Card includes \$400 in annual travel credits.
Travel insurance	The Business Platinum Rewards Card includes travel insurance with a maximum of \$62,500 per trip.

2. Servicing — airport lounge access

The lounge benefit operates through SkyHarbor Lounge Collective. Cardholders present the card at participating lounges and sit on the program's unlimited-visits tier. Lounge access questions route to the benefits desk.

3. Servicing — annual travel credits

The travel credits are administered in-house. Redemption questions go to the benefits desk, not to a vendor. Credits apply against eligible travel charges on the account.

4. Servicing — travel insurance claims

Travel insurance cover is written by Northgate Mutual Assurance. Cardholders file claims directly with the carrier; the benefits desk hands off the claim number and does not adjudicate coverage.

5. Servicing — purchase protection claims

Purchase protection is administered by ClaimBridge Administrators. Claims are filed with the administrator; the benefits desk hands off the claim reference and does not adjudicate coverage.

6. Servicing — dedicated account manager

Each Business Platinum Rewards Card account is assigned a dedicated account manager. Cardholders reach their manager by secure message in the account dashboard or through a business card specialist at 1-888-555-0192.

7. Statements and promotional fee periods

If the Business Platinum Rewards Card promotional first-year fee applies, the first statement will reflect o for that period. Fee amounts, billing, and renewal provisions are stated in the business card pricing schedule in effect.
