

RHO BANK

Premium Tier Onboarding Guide

Issue	RB-ENT-04	Effective date	2025-09-15
Supersedes	None — first issue	Owner	Enterprise Treasury Onboarding
Applies to	Platinum Reserve Account and Diamond Vault Account — onboarding through steady-state treasury operation. This guide states procedure and operating guidance; normative pricing terms for both tiers are stated in the business savings pricing schedule in effect.		

1. Platinum Reserve Account — getting started

Getting started covers, in order:

1. Confirming the customer can meet the ongoing balance threshold of \$100,000.
2. Preparing the treasury team's access needs and governance model ahead of onboarding.
3. Aligning internal cash management policies with a daily-compounding savings framework.

2. Diamond Vault Account — balance planning and operating cadence

2.1 BALANCE PLANNING

- Maintaining at least \$500,000 aligns with the tier's requirements.
- If operating needs require temporary dips, incoming transfers can be scheduled to restore the balance promptly.

2.2 OPERATING CADENCE

- Cash movements from the operating account can be coordinated to maintain continuity of earnings at the stated APY.
- Balance and interest activity should be reviewed regularly to ensure performance aligns with the treasury plan.
