Same-Day ACH & External Transfer Guide

Issue	RB-ACH-05	Effective date	2025-10-06
Supersedes	None — first issue	Owner	Deposit Operations (Luis Ortega)
Applies to	Silver Plus Saver, Gold Saver Account, and Gold Plus Saver — same-day ACH and external transfer procedure. This guide states procedure and recommended practices; rates, fees, and minimums are stated in the business savings pricing schedule in effect.		

1. Silver Plus Saver — same-day ACH procedure

Same-day ACH requests for Silver Plus Saver follow this sequence:

1. When scheduling an ACH transfer, the customer selects the same-day delivery option if available for the transfer type and destination.
2. Sufficient available funds should be ensured before submission to avoid reversals.
3. Transfer activity should be monitored for confirmation that the same-day request was accepted.

2. Gold Saver Account — same-day ACH and wires

- For same-day ACH usage, transfers should be initiated as early as possible to maximize the likelihood of same-day processing.
- For same-day ACH, recipient details should be accurate to avoid delays.
- For Gold Saver Account, same-day ACH is recommended when speed and cost are primary considerations and eligibility is met.
- For Gold Saver Account, wires are recommended when guaranteed bank-to-bank delivery with detailed beneficiary instructions is needed.

3. Gold Plus Saver — external transfers and wires

3.1 STANDARD EXTERNAL TRANSFERS

- Gold Plus Saver standard external bank transfers typically complete within 1 business days after initiation, subject to cutoffs and verification.
- External bank transfers may post sooner or later depending on receiving-bank schedules and reviews.
- For routine payments where timing flexibility exists, standard external transfers are appropriate and usually settle within 1 business days.

3.2 WIRES

- Wires are used when speed and finality are required and the customer accepts the \$10 cost.

- For time-sensitive obligations, the customer should choose an outgoing wire and account for the \$10 fee.

3.3 MONITORING

- The customer should monitor transfer status in the activity view and retain confirmation details for reconciliation.
- If a transfer remains pending beyond expected timing, the customer should contact support with the transfer reference for assistance.

Sweep coordination ahead of large movements from Gold Plus Saver is stated in the Gold Plus Treasury Operations Runbook (RB-TRS-03).
