

CLOSURE & RETENTION RUNBOOK

DOCUMENT	Controlled Document RB-CR-114
OWNER	Marta Villanueva, Retention Operations
DATE	2025-09-12

Margin marks: MV = M. Villanueva, SB = S. Brandt. Struck text shown struck.

1. PURPOSE AND SCOPE

This runbook governs servicing work on credit card closure requests, retention handling, downgrades, and ~~courtesy credits~~ the account credits that support them. [MV]

It applies to all Retention Operations agents. ~~Keep a printed copy at the desk.~~ [SB]

2. CLOSURE ELIGIBILITY

An account must pass every check below before closure is initiated.

2.1 Balance. ? balance condition - wording with legal. [MV]

2.2 Disputes. ? pending-dispute condition - carry the intake checklist field wording. [SB]

2.3 Account age. ? minimum account age - threshold with card operations. [SB]

2.4 Replacement cards. Confirm there are no pending replacement cards on the account. [MV]

3. POST-CLOSURE COMMUNICATIONS

Set expectations before wrap-up: the customer will receive a confirmation ~~letter~~ email and a final statement within several business days. [MV]

4. DOWNGRADE EFFECTS

4.1 The credit limit, account number, and account history are preserved.

4.2 Unredeemed rewards points ~~carry over~~ transfer at the same value. [MV]

4.3 ? timing of effect and card replacement - confirm with card operations. [SB]

4.4 ? refund treatment for a recently paid annual fee - wording with legal. [MV]

5. STATEMENT CREDITS

? tool of record for statement credits - confirm the name with Card Platform Engineering. [MV]

Cover goodwill adjustments, promotional credits, fee reversals, and other account credits.

6. REDEMPTION AND REFUND WINDOWS

? rewards-redemption window - value with card operations. [SB]

? annual-fee refund window - value with card operations. [MV]

? where the window values will be kept - MV with the Documentation Office. [SB]

7. VERIFICATION

After a credit is applied, confirm it shows on the account and reduces the statement balance. ~~Screenshot the ledger row.~~ [SB]
