Green Fee-Free Account balances earn 0% APY, so no interest is paid. The account has a \$2,500 daily mobile check deposit limit and provides early direct deposit 0 day(s) before payday.

2. RECEIVING DOMESTIC WIRES

The incoming domestic wire fee is \$12.50 per incoming wire; the fee is assessed when the wire posts to the account. For incoming domestic wires, the sender's bank may also charge the sender, and that charge is separate from the amount received.

3. RETURNED DEPOSITS

The returned deposit fee is \$15.00 per returned item. The fee applies when a deposited check is returned unpaid by the issuing bank. A deposited check can be returned unpaid because of insufficient funds or a stop payment placed by the issuer, or because it is altered, stale-dated, or otherwise invalid.

4. EVERYONEPAY DAILY LIMIT

The EveryonePay daily send limit is \$2,000 per day. All successful send transactions created within the same day count against the daily send cap. Canceled or failed sends generally do not reduce the available daily amount once reversed.

5. COMMON SCENARIOS AND TIPS

1. Larger transfers can be planned ahead and split across multiple days if needed.
 2. If the customer reaches the cap, sending can resume when the daily limit refreshes.
 3. Wire and returned-deposit charges post per item; the amounts print in the Fees table under Key Figures.
 4. Branch teams should quote EveryonePay, wire, and returned-deposit figures from the current revision of this guide.
