

EcoCard New-Customer Bonus — Final Terms

Version 2.1 · 2025-07-22

Owner: L. Ashworth, Consumer Cards Marketing · Review partners: Compliance (T. Nguyen), Legal

Distribution: branches, contact center, servicing enablement

AGENDA

What this deck settles

- 1 · The offer and the bonus amount
- 2 · Offer window
- 3 · How a customer qualifies
- 4 · What reduces or does not count toward qualifying spend
- 5 · When the bonus posts
- 6 · Tracking progress
- 7 · Where other questions go

THE OFFER

One sentence

Earn \$2,000 sustainability points once you meet the spending threshold within the qualifying period.

The bonus is stated in sustainability points, the EcoCard's own reward currency. Earning rates on ordinary purchases are unchanged by this promotion and stay governed by the EcoCard program guide (RB-PG-207).

OFFER WINDOW

When the promotion runs

This promotion runs from 2025-08-01 through 2025-12-15.

QUALIFYING

How to qualify

- Spend at least \$5,000 in eligible purchases within your qualifying period. Where a customer's qualifying period starts and ends is set by the Final Terms addendum EB-QW-1, filed with the go-live note — answer window questions from the addendum, not from this slide.
- You must be a new customer, and the account must be open and in good standing when the bonus is awarded.

QUALIFYING SPEND

Reductions and exclusions

- Returns, chargebacks, and disputed transactions reduce your qualifying spend.
- What counts as an eligible purchase — and what never does — is enumerated in the exclusions annex EB-EXCL-1, attached to the go-live note. Check the annex before adjusting a customer's qualifying-spend expectations.

Servicing note: read this slide as written. Qualifying spend is a moving number until the qualifying period closes.

POSTING

When the bonus arrives

- Bonus points typically post after the qualifying period closes and your transactions have cleared.
- Track your progress in the Rewards section to ensure you meet the \$5,000 requirement on time.

CAMPAIGN CONTEXT

Media plan snapshot (informational)

Channel	Flight	Working budget share
Paid social	Aug–Oct	38%
Search	Aug–Dec	27%
Branch merchandising	Aug–Dec	21%
Partner newsletters	Sep–Nov	14%

Planning figures only — nothing on this slide is a customer term.

EVERYTHING ELSE

Where other questions go

- EcoCard earning rates and green-merchant rules: EcoCard program guide (RB-PG-207).
- How rewards are stored and calculated on the platform: Rewards Platform Engineering materials.
- Redemption servicing flows: Card Rewards Servicing operations boards.
- Anything about this offer: this deck, version 2.1, approved 2025-07-22 — read it, do not paraphrase from memory.
