Document RB-PG-411 · **Version 4.0** · **Effective 2025-07-01** · Owner: Personal Cards Product (M. Chen) · Review partners: Compliance (T. Nguyen), Legal

This guide is the published reference for Platinum Rewards Card earning, redemption, fees, and cardmember benefits. Where a servicing question concerns this program, this document governs.

1. How you earn

- You earn 10.0% cash back on all eligible purchases.
- Returns or credits reduce previously earned rewards on a per-transaction basis.

2. Eligible and ineligible transactions

- Eligible: point-of-sale purchases posted to your account.
- Eligible: online purchases posted to your account.
- Not eligible: cash advances, balance transfers, fees, interest, and other cash-equivalent transactions.

3. Posting timeline

- Rewards accrue when transactions post to your account and typically become available after the purchase posts and clears any return window.

4. Redeeming your rewards

- You can redeem once your available rewards balance reaches at least \$15.
- Common redemption options include statement credits or other available channels in your account dashboard.

5. Everyday earning

- Use the card for daily purchases to earn 10.0% on all categories without rotating caps.

6. International spending

- Take advantage of 0% foreign transaction fees when traveling or purchasing from foreign merchants.

7. Annual fee and the rebate strategy

- The card carries a \$200.00 annual fee. Consider your net rewards after the \$200.00 annual fee when planning large purchases.
- Earn a \$150.00 rebate on your annual fee by meeting a monthly spend threshold of \$7500.00.
- Automate large, predictable expenses on the card to help consistently meet the threshold.

8. Smart redemption

- Redeem rewards once your balance reaches at least \$15 to keep value working for you.

9. Purchase protection

- For eligible items, keep receipts and documentation to leverage purchase protection for up to 135 days after purchase.
- The maximum coverage per claim is \$17,500, subject to policy terms and exclusions.

10. Tips to maximize earnings

- Use the card for everyday spend to capture 10.0% on all categories.
- Set the card as your default payment at frequently used merchants.
- Consider your net rewards after the \$200.00 annual fee when planning large purchases.

11. Putting it together

- Channel recurring bills, travel, and major purchases through the card to earn at the flat rate, avoid foreign fees, and meet the monthly threshold for the annual fee rebate.
