1. OVERVIEW

The Silver Plus Account extends the Silver line with a two-tier interest structure and a larger free-withdrawal allowance. It suits customers who keep more on deposit than a typical Silver holder and want the account to recognize that without moving up to the maintained-balance tiers.

2. OPENING REQUIREMENTS

FIELD	REGISTER VALUE
Minimum opening deposit	prints from the register entry row (products/personal_savings/silver_plus · entry) – quote the current entry-row print

The Silver Plus opening deposit is set on the register's entry row and the desk quotes it from the current entry-row print. Fund the new account at or above the entry-row figure. Note the profile carries two balance figures doing different jobs: the entry figure clears the door once, while the ongoing minimum in the next section is the number the account is held to afterward.

3. FEES & MINIMUMS

FIELD	REGISTER VALUE
Ongoing minimum balance	\$2,500

The Silver Plus Account ongoing minimum balance is \$2,500.

4. WITHDRAWALS & TRANSFERS

FIELD	REGISTER VALUE
Free withdrawals per month	per the Silver Plus service-allowance table (current print)

The monthly free-withdrawal allowance for Silver Plus is maintained on the Silver Plus service-allowance table; the desk quotes the allowance from the current print rather than from this profile. Transactions beyond the monthly allowance may be subject to an excess withdrawal fee per the fee schedule.

5. INTEREST

FIELD	REGISTER VALUE
Interest compounding	daily
Tier 2 balance threshold	\$15,000
Published rate reference	Personal Deposit Rate & Fee Schedule (PDR-2025-11)

The Silver Plus Account interest compounding is daily. The Silver Plus Account Tier 2 balance threshold is \$15,000: balances at or above \$15,000 qualify for Tier 2 interest, and balances below \$15,000 earn the Tier 1 rate. Tier 1 and Tier 2 rate values are published in the Personal Deposit Rate & Fee Schedule; the profile does not print them.

6. SERVICE & GUIDANCE NOTES

1. Keep the balance at or above \$2,500 to meet the ongoing requirement.
2. Customers moving up from a Silver Account usually ask about the tier split first; walk the threshold before the rate question comes up.
3. Tier questions cluster in the first cycle after opening; the schedule's Silver Plus rows are the fastest answer at the desk.
4. Where a customer expects heavy transaction traffic, a checking account is the better working surface — the withdrawal allowance here is generous, not unlimited.
