1. OVERVIEW

The Silver Account is the mid-tier personal savings product: a tiered-rate account for customers who hold a working balance and want a better return once the balance clears the upper tier threshold. It is the most commonly opened savings product on the desk after Bronze, and most Silver conversations at opening are about the minimums and the withdrawal allowance rather than the rate itself.

2. OPENING REQUIREMENTS

FIELD	REGISTER VALUE
Minimum opening deposit	\$500

The Silver Account minimum opening deposit is \$500. To open a Silver Account, fund at least \$500 when opening the account.

Account requirements for the Silver Account: keep the ongoing minimum balance funded each statement cycle, and track withdrawal activity against the free-withdrawal allowance.

3. FEES & MINIMUMS

FIELD	REGISTER VALUE
Ongoing minimum balance	\$1,000

The Silver Account ongoing minimum balance is \$1,000. Maintain at least \$1,000 each statement cycle to meet account requirements and avoid monthly fees.

4. WITHDRAWALS & TRANSFERS

FIELD	REGISTER VALUE
Free withdrawals per statement cycle	10

The Silver Account provides 10 free withdrawals per statement cycle. Transactions beyond 10 withdrawals in a cycle may incur an excess withdrawal fee as described in the account disclosures.

5. INTEREST

FIELD	REGISTER VALUE
Interest compounding	daily
Higher-tier balance threshold	\$10,000
Published rate reference	Personal Deposit Rate & Fee Schedule (PDR-2025-11)

The Silver Account interest compounding is daily. The Silver Account balance threshold for the higher APY tier is \$10,000, and keeping the balance at or above \$10,000 qualifies the account for the higher APY tier. This profile prints no rate values for the Silver Account; current tier rates are published in the Personal Deposit Rate & Fee Schedule.

6. SERVICE & GUIDANCE NOTES

1. Setting balance alerts can help the customer stay above \$1,000 and, if desired, above \$10,000.
2. If frequent withdrawals are expected, spacing withdrawals can help the customer remain within 10 withdrawals per cycle.
3. For rate questions, read from the current schedule issue rather than an older printout; the desk copy is refreshed when a reissue lands.
