1. OVERVIEW

The Gold Savings Account is the first of the maintained-balance savings tiers, built for customers who keep five figures on deposit and want the account to pay for it. Unlike the Silver line, the operative number here is the balance the customer maintains, not the deposit they open with.

2. OPENING REQUIREMENTS

FIELD	REGISTER VALUE
Balance to maintain	\$10,000

The Gold Savings Account requires maintaining at least \$10,000 to keep the account in good standing.

3. FEES & MINIMUMS

FIELD	REGISTER VALUE
Monthly maintenance fee	\$10.00
Transfer fees	Yes
Internal transfer fees	Yes

The Gold Savings Account monthly maintenance fee is \$10.00, charged only if the balance drops below \$10,000 during the statement period. If the end-of-day balance falls below \$10,000, the customer may incur the monthly charge described for the account.

4. WITHDRAWALS & TRANSFERS

FIELD	REGISTER VALUE
Monthly withdrawal allowance	20

The Gold Savings Account allows up to 20 withdrawals per month. Exceeding the monthly withdrawal limit may result in transaction denials or delays until the next period resets. Transfers can be initiated from the Transfers section in online or mobile banking and details can be confirmed before submitting.

5. INTEREST

The Gold Savings Account earns 5.5% APY on the balance maintained. Gold Savings Account interest accrues on eligible balances and is tied directly to the 5.5% APY.

6. SERVICE & GUIDANCE NOTES

1. Watch the \$10,000 floor after large transfers out — the monthly charge described above follows the end-of-day balance.
2. Customers weighing Gold against Gold Plus usually need the comparison one-pager rather than two profiles side by side.
